# The Response of Faith

- God wants His people to see potential for change instead of dwelling on present and past failure (7:36–39)
- God's grace and forgiveness is what prompts sinners to respond with love and devotion (7:40–43)
- Faith expresses itself through concrete action (7:44–48; 8:1–3)

# Putting it into Practice

- Keep a proper perspective about our relationship with God: we are unworthy objects of God's rich grace
- Reach out to and cultivate relationships with those outside the faith to express the love and forgiveness God offers
- Use our gifts and resources in service to Jesus
